

# What's your Innovator type?

## Solopreneur

Innovator

You're working on your own for now, developing your ideas and figuring out what's worth pursuing & what's not.

## Startup

Innovator

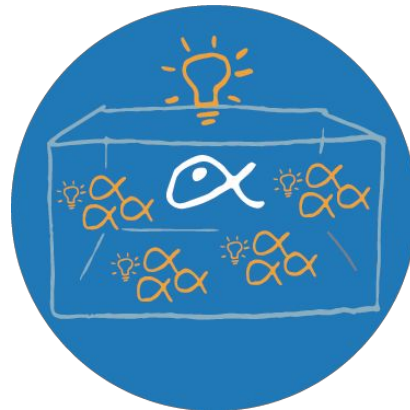

You're part of a close-knit team, pursuing a shared vision, working together to create something from nothing.

## Corporate

Innovator

You're innovating within a corporation - and you need to gain internal support & fit into the larger vision.

## High-leverage

Innovator

You work with multiple teams on projects at various stages of development -- and strive to give useful advice to all.
